

Examiner Interview Summary

The undersigned would like to thank Examiner Wilson for the courtesies extended in a telephonic examiner interview conducted on May 7, 2007. During the interview, the rejections of claims 27 and 28 were discussed. In particular, the applicants proposed amending claim 27 to recite a first memory portion including a virtual machine and a second memory portion including a virtual machine monitor. The examiner indicated that such an amendment would overcome the rejections under 35 U.S.C. § 101.
